

**St. Francis de Sales Parish School**

**School Directory/School District**

Dear St. Francis de Sales Parents,

We publish a comprehensive listing of student and parent names, addresses, and phone numbers. We feel this will be very beneficial to parents especially those who wish to be able to contact the parents of their children's friends (ie. before social events, regarding missed class work or simply to contact other families whenever the cause may arise.) **We especially need you to fill in the name of the school district that you live in. It is mandatory for us to report this information to each school district.**

If you **DO NOT** wish this type of information published please make sure you check below. **Please return to school the second week of school being in session.**
