St. Francis de Sales is a great school because of the smaller class and school size. Teachers have more time to work one on one with me and my classmates if we need extra help in a subject area. The small school surprisingly has a number of great activities to participate in like Battle of the Books, Basketball, Mary's Fiat, Ski Club and Musicals.

Having the opportunity to attend church weekly reminds us all to be more Christ like. Being kind, helping others in need and forgiving are all ways we can be more like Jesus and a constant reminder of our Catholic faith education.
