

Why St. Francis de Sales is Special to Me

By Macklin Grade 5

Here I am at the altar. The choir is singing and the bells are ringing. The stained glass windows are beautiful with bright shining colors. When I look around everyone is smiling at each other. I just feel so lucky that I am able to be here.

St. Francis de Sales is so amazing because we get to learn about God and go to mass. We are very lucky because some people are not able to speak about God at other schools. Our school is also a great place because there are so many activities. For instance there is Swing Choir, boys and girls Basketball, Volleyball, Field Trips, AR raffles, plays, concerts, Catholic Schools Week and so many others! Another reason our schools is such a great place is because when we learn, we do it in fun ways. For example, to remember things, sometimes we make them into a song or we play games to answer questions to make sure people understand. There are also really cool projects like making crafts to present to the class. We also make posters and do interesting experiments.

This is why St. Francis de Sales is such a great school. I have learned so much in the last few years and am very excited for the years to come. It is such a blessing that I am able to come here everyday. I love this school very much. "Love takes up where knowledge leaves off." - Saint Thomas Aquinas.
